SYNOPSIS: On 3-27-10 between 0930 hours & 1000 hours, an unknown person shot Mr. Robert N. Krentz, causing his death. This occurred while Mr. Krentz was on his ranch, E. Hwy 80, MM 394.5, Apache, AZ. The suspect is suspected of being an undocumented alien. Mr. Krentz' last radio contact with family was advising of making contact with an undocumented alien. Foot sign from the crime scene was followed approx 20 miles south into the Republic of Mexico.

This is a violation of:  
ARS 13-1105.A1, First Degree Murder, a class 1 Felony

NARRATION: On 3-27-10 at 1822 hours, I, Deputy Arthur Estrada #0519, was dispatched to call Mr. Ed Ashurst. Mr. Ed Ashurst wanted to report Mr. Robert Krentz as a missing person. CCSO Dispatch also advised me to contact Cochise County Sheriff's Office Search & Rescue (CCSAR) Coordinator Deputy David Noland.

I called Mr. Ed Ashurst. He advised me they, family and friends, were at E. Hwy 80 & Texas Canyon Rd, Apache, AZ, and have been searching for Mr. Krentz. I advised Mr. Ashurst I would be enroute. While enroute, I called Dep. Noland. He advised the CCSAR was training in Cochise Stronghold and would be enroute.

At 1900 hours, I arrived to Hwy 80 & Texas Canyon Rd. I met with Dep. Abraham Peraza, whom had just arrived from a Burglary investigation at Everett Ashurst's property. Dep. Peraza advised me Everett had left with other family to look for Mr. Krentz. I then met with Mr. Ashurst, Mr. Phil Krentz, Mr. Frank Krentz, and other family & friends. Frank is Robert's son, and Phil is Robert's brother.

Frank and Phil advised me of the following accounts concerning Mr. Krentz. They advised Mr. Krentz was working the ranch and checking on wells. The wells Mr. Krentz was checking were, in this order, Lower Well, Starvation Well, Fairchild Well, and Deep Well. All the wells are spread throughout the 35,000 acre ranch. Frank said days prior undocumented aliens (UDA) had torn the wiring from the Deep Well and Mr. Krentz was going to repair it.

Mr. Krentz was last heard from at approx 1000 hours, 3-27-20. This was over the handheld ranch radio. Phil advised Robert had observed an undocumented alien, near the "Lower Well". Phil said Mr. Krentz told him to contact US Border Patrol and it appeared the UDA was in need of help. This was the last time they heard from Mr. Krentz. His last known position was the Lower Well.

Frank said he was at the Fairchild Well/Ranch at 1000 hours. At 1030 hours, he began his trip back and gave note that he did not see any ATV (all terrain vehicle) tracks on the road. This is because Mr. Krentz had to drive the track in order to get from the Lower Well to the Starvation Well. At 1100 hours, Frank arrived to the Lower Well and did not locate his father. They then began to call him on the radio and his cellphone. There was no answer on the radio and the cellphone would ring 6 or 7 times and then go to voicemail.

Frank advised they then began to look for his father. Mr. Krentz was driving his red 2010 Polaris Ranger ATV. This is a side by side 2 seated ATV with a small dump bed in back. Mr. Krentz also had his blue heeler dog named "Blue". Phil advised him, friends, and family have searched most of all roads on the ranch. Frank advised his father has had hip surgery, making it difficult to get around on foot. Mr. Krentz' cellphone number is [REDACTED] Verizon. I advised Phil and Frank Search & Rescue were enroute and I would contact Det. Roger Clark to begin a "ping" on Mr. Krentz' cellphone.

At 1920 hours, I called Det. Clark and briefed him of the situation. He gathered the necessary information to begin the process of obtaining a ping on Mr. Krentz' cellphone.

While waiting for Search & Rescue, US Border Patrol Agent Ashby B-15 arrived. I advised him of the situation. He advised he would get units to assist. Agent Ashby advised he was also on the Search & Rescue team for USBP. Other US Border Patrol Agents on scene were Felix Alicea E-254 and Ray Enriquez Y-53. Agent Ashby advised he was trying to get a helicopter, ATV group, and 2 scope trucks to assist in the search. While waiting for Search & Rescue, I had Frank draw me a map of the ranch, to include the well locations, main roads, and entrance and exits from the highway. Mr. Krentz was possibly last wearing a tan vest, black shirt, and blue jeans.

At approx 2040 hours, CCSO Search & Rescue team arrived. I briefed Sgt. Ursula Ritchie and Dep. Dave Noland. I provided them with the map. Dep. Noland spoke with Frank regarding the last known position of Mr. Krentz. This was the Lower Well [REDACTED]. Search & Rescue began to assemble and deploy teams. Det. Clark gave me an update on the ping. He advised Verizon was having trouble getting a ping, possibly due to low number of cell towers in the valley. Det. Clark also advised me to tell everyone not to call the cellphone in order to retain battery power on the cellular. I advised Frank of this and he put the word out to others.

Search & Rescue teams had teams deployed and searching the Krentz Ranch. At 2341 hours, AZ Department of Public Safety Tucson Ranger Helicopter arrived. Dep. Noland advised Tucson Ranger of the last known position. At 2343 hours, Tucson Ranger advised they located Mr. Krentz, from the clothing description and ATV description, [REDACTED]. This was approx 1/2 mile from last known position. Tucson Ranger landed the helicopter and checked Mr. Krentz's status. At 2357 hours, Tucson Ranger advised Mr. Krentz was dead. Dep. Noland gave notification to Frank Krentz.

At approx 0001 hours(3-28-20), Dep. Randy Haws and Dep. Peraza were one of the teams deployed to search and they arrived to the location of Mr. Krentz. They advised Mr. Krentz had been shot. Dep. Noland gave notification to the family.

Dep. Noland advised all Search & Rescue personal to return to the command post. Dep. Haws and Dep. Peraza stayed on scene.

After debriefing with Search & Rescue, Sgt. Ritchie and Dep. Noland went to meet with Dep. Haws and Dep. Peraza. During this I met with Fred Edington, a local rancher. Mr. Edington advised he heard the radio transmission between Phil Krentz and his brother, Mr. Krentz. The transmission occurred in the morning between approx 0930-1000 hours, 3-27-10. Mr. Edington advised he was on his ranch, Lazy J Ranch, Geronimo Trail Rd, MM 22, Douglas, AZ when he heard the transmission. Mr. Edington said he heard Mr. Krentz radio Phil advising he was either out with one illegal or several illegals. He could not remember, but remembers hearing Mr. Krentz say it appeared the illegal was hurt and to contact Douglas Border Patrol. Phil came over the radio and advised he couldn't hear him and to call him on "our channel" or the cellphone. Mr. Edington advised 5 min later Mr. Krentz would not answer the radio.

At 0119 hours, I contacted Arizona Dept of Corrections and spoke with Lt. Hughes. I requested the DOC Chase Team. At 0129 hours, Lt. Hughes advised the DOC Chase Team would be called out and respond. I cleared the command post and went to the crime scene.

At 0222 hours, I arrived to the crime scene. The scene is approx 6 or 7 miles east of Hwy 80, MM 394.5. I met with Sgt. Ritchie, Dep. Peraza, Dep. Noland, Dep. Haws. I assisted in placing Mr. Krentz in a body bag. It was determined that Animal Control Officer Summer Harris would be called out to euthanize Mr. Krentz's dog "Blue", which appeared to be injured from a gun shot. Blue was extremely weak and shivering. He was lying in back of the dump bucket on the ATV. At 0222 hours, I left the scene and was to wait for ACO Harris at the gate, Hwy 80 MM 394.5.

At approx 0345 hours, ACO Harris and DOC Chase Team arrived to Hwy 80 MM 394. Officer on the team were Francisco Sanchez, Roy Luna, Ralph Cruz. We went to the scene. Once there, ACO Harris euthanized Blue. He was placed in a body bag marked for evidence and placed in back of her unit.

Espinoza Funeral Home had arrived on scene, whom were escorted in from Hwy 80 by Dep. Peraza. At 0439 hours, I escorted ACO Harris out to Hwy 80 from the crime scene. Upon returning to the crime scene, Dep. Peraza was escorting Espinoza Funeral Home back to Hwy 80. At 0529 hours, I arrived to the crime scene.

Nalley's Pit Stop had been dispatched. Dep. Peraza escorted them in from Hwy 80, arriving at 0602 hours. At 0610 hours, the sun began to rise and we took a better look at the ATV. Upon closer inspection, I observed [REDACTED] between the seat and the dump bed closer to the passenger side. Sgt. Ritchie took digital images of the [REDACTED] and collected this. Nalley's Pit Stop loaded the ATV. A CCSO Evidence Control Form was filled out and Dep. Peraza followed the tow truck to the secured impound lot at the CCSO Bisbee Substation.

Sgt. Ritchie, Dep. Noland, Dep. Hass, and myself began to follow the tread marks going north. The DOC Chase Team with their bloodhound "Copper" followed

as well. I used a digital rolling measuring tape to track the distance. Once at approx 1000 feet, we observed acceleration marks. We then found shoeprints and dog paws. Sgt. Ritchie began to process the scene.

DOC Chase Team had "Copper" sniff the shoeprint and began to follow the scent into the field. Dep. Haws followed them. The shoeprint had a [REDACTED] pattern on the heel, with [REDACTED] on the end of the heel. ICE (Immigration Customs Enforcement) Special Agent Matt Magoffin arrived on scene. Agent Magoffin then observed the shoeprint and advised he had observed the same shoeprint approx 5 miles south on the Snure Ranch area. While observing the shoe print, Agent Magoffin observed and located [REDACTED]. Sgt. Ritchie collected the [REDACTED]. Agent Magoffin then met with the DOC Chase Team and continued to track.

While Sgt. Ritchie was processing the scene, she requested Dep. Garcia and myself rewalk the ATV path from the crime scene to the location where Mr. Krentz was found. I then located a orange cellphone on the path. I advised Sgt. Ritchie of this and she collected it. It was located near the driver's side ATV tread.

At 1044 hours, I cleared the scene and where other CCSO Deputies were setting up at Geronimo Trail Rd (GTR), between MM 16-25. I was assigned with Sgt. Gijanto to set up at the Malipai Ranch Rd, GTR MM 16. Agent Magoffin and Agent Eddie Hurtado had been tracking the suspects shoeprints along the Black Draw. The Black Draw crosses GTR in the area of GTR MM 16-17.

At approx 1540 hours, Sgt. Gijanto and myself were advised by Lt. Gregory to meet at the command post, GTR MM 17. Agent Magoffin had tracked the suspects shoeprint crossing GTR near the wooden bridge which goes over the Black Draw. The US/Mexico Border is approx 1 mile south of this location. At 1602 hours, I cleared the scene.

I returned to the Sheriff's Office Douglas Substation. I called Det. Wendy Adney and provided her with Frank Krentz' phone number, in order to keep him updated.

SYNOPSIS:

On 02/09/2010 at approximately 0604 hours US Border Patrol reported they had a subject in their custody who claimed he had been robbed of approximately \$3,000.00 in Pesos (approximately \$300.00 US) at gun point by a male subject who he could only identify as "Chillango", while in a vehicle on State Route 82 near the San Pedro Bridge. This is in violation of the following offense:

Aggravated Assault: ARS 13-1204A2, A Class 4 Felony.

Theft: ARS 13-1802 A1, A Class 1 Misdemeanor.

NARRATION:

On 02/09/2010 at approximately 0604 hours I was dispatched to the Naco Border Patrol Station in regards to a past occurred armed robbery of an Undocumented Alien, while within the United States.

Upon my arrival I made contact with Border Patrol Agents who advised me Santiago Baeza-Bresno was apprehended along State Route 82 near Whetstone, as he had entered into the United States without documentation illegally. I was also advised that the subject, Santiago had claimed he had been robbed at gun point by his escort.

I was able to speak with Santiago with the assistance of Border Patrol in translating. Santiago advised me he entered into the US near Douglas. Santiago stated he was staying in a stash house, destined for the Phoenix area. Santiago told me at some point, a second guide had told him and several others to get into a van. At that time the van with the guide continued to the Whetstone area on State Route 82 near the San Pedro Bridge. Santiago told me the guide stopped the van and pulled a gun, which he described as a small silver colored pistol, and demanded everyone's money. Santiago stated he gave his money, \$3,000.00 in pesos to the guide, then escaped out of the van and ran away. Santiago told me he did not know what happened to the other members of his group.

Border Patrol advised me they had not located a Group in a White colored van,

and stated there had not been any other reports of robbery or kidnapping.

Santiago stated the guide was referred to as Chillongo, and did not know his real name. Santiago told me the guide was wearing a Black Dodgers Jacket, weighs approximately 150 pounds and is approximately 5 feet 7 inches tall. Santiago estimated his age at approximately 35 years old.

I asked Santiago if he wished to pursue charges against the subject in the event he was located and he told me yes. I provided Santiago with an Arizona Victims Rights Form #C212936.

I advised Border Patrol of the physical characteristics of the suspect. No further information has become available at this time.

COCHISE COUNTY SHERIFF'S DEPARTMENT  
Narrative Report

DISTRIBUTION: CCSO Records  
Cochise County Attorneys Office (Felony Division)

SYNOPSIS: On 3/12/10, two undocumented aliens, Hugo Chavez Alvarado and Franco Franco Mendoza committed armed robbery by being in a group were two unknown suspects had handguns and robbed another group of twenty four undocumented aliens at gun point. Food items and currency were taken from the undocumented aliens. This incident occurred in the desert area near Portal, AZ.

The above is in violation of:  
ARS 13-1904.A, Armed Robbery, a class 2 felony.

NARRATION: On March-12-10 at approximately 09:17 hrs, I responded to the Douglas Border Patrol Station in reference interviewing undocumented aliens who had been robbed in the desert area near Portal, AZ.

Upon my arrival I was brief by Sgt Gijanto, that Border Patrol had caught a group of twenty- four individuals who were robbed at gun point by a group of eight undocumented aliens going back South.

Sgt. Gijanto also told me two of the eight possible suspects involved in the armed robbery were arrested and en route to the Border Patrol Station for further processing.

Upon the arrival of the group of twenty-four and the two suspects, Sgt. Gijanto, Dep. Garcia and I began to interview the victims and the suspects. I started speaking to Gregorio Olvera-Higuera DOB: 11-19-1975, a victim, who stated he crossed into the United States illegally with a group of twenty-four and started walking North through the mountains.

Gregorio also mentioned when they were walking through the mountains they were approached by two individuals with automatic handguns. Gregorio said the guys were asking them for food and money. Gregorio said the whole group gave the two guys some food and money and then the two individuals left the area.

Gregorio then said a short dark skinned guy and a tall skinny light skinned guy with pistols told them they were not to continue on the same path due to them having drugs in that area. Gregorio said they went on a different path but later were approached by the same two guys plus six more different individuals. Gregorio said that this time they told the whole group to get on the ground and give them all there backpack with food and all the money they had on them or they would shoot them all.

Gregorio said the eight individuals then started going through their backpacks and taking all the food and money they had inside the backpacks. Gregorio said all eight individuals were involved in searching for money and food. Gregorio also mentioned the short dark skin guy punched and kicked a gentleman in the face and back. Gregorio said after the eight suspects had stolen the victim's money and food, the whole group was told by the armed suspects if they mentioned anything they would take care of them in Mexico.

The suspects then left the area. Gregorio said shortly after the suspects left the area they continue walking North for approximately 3-4 hours and later were apprehended by Border Patrol. Gregorio said once Border Patrol started asking them questions behind their vehicle, Gregorio noticed two individuals in the back of the Border Patrol vehicles, which both were involved in the robbery. Gregorio then said he mentioned to a Border Patrol Agent the two individuals in the back of their patrol vehicle had just robbed them at gun point. The whole group saw those two individuals and recognized them as a two of the suspects being involved in the robbery. Gregorio said the two suspect's main involvement was going through the backpacks and taking food items and money which were inside the backpack while the other suspects and the automatic handguns pointed at the victims.

Gregorio said once Border Patrol was finished conducting a search and getting their -information, the Border Patrol put Gregorio and a couple of more individuals behind the Border Patrol's vehicle where the two suspects were detained. Gregorio then said the two individuals threatened to kill them if they said anything else and they would be taken care of in Mexico.

After speaking to Gregorio, I spoke to Hugo Chavez-Alvarado DOB: 10-26-1972, a suspect in this investigation. I advised Hugo why I was there and what I was investigating. At 11:39 hrs, I read Hugo his Miranda Rights in Spanish due Hugo only speaking Spanish. At which point Hugo agreed to speak to me without the presence of an attorney.

Hugo then stated he had crossed the United States illegally on 3-09-10 with a group of eight individuals. Hugo said on the second night they ran out of food and their guide (a person who is in charge of making sure the people get across from Mexico) then said they would stay at their location until they saw another group and they would steal their food.

Hugo went on to say once a group of twenty-four passed through their location, their guide and his helper came across them and took some food away from the group. Hugo then said the guide and the helper then came back to where they were originally. Hugo said the guide did not get satisfied with what he had stolen from the group. Hugo said the guide then ordered his group to join him. Hugo said he got to where the other group was located and seen the bodies were already on the floor. Hugo then said when he got there all the aggressive action had took place. Let be known it was dark when this occurred. Hugo then said he and the rest of the eight individuals in the group started going through the

backpacks taking all the food items they could find as well as the money.

Hugo was then asked if there were any weapons used during the incident. Hugo said he did not remember seeing any weapons being used, but does remember a person having a knife with many other tools on the same instrument. Let be know the instrument is known as a gerber, a multiple purpose tool. Hugo said he did take food items from the group due to him hungry. Hugo said he knew it was wrong but had no choice in the matter. Hugo did not want to specify on the matter. Hugo did not admit to having any weapons in his possession but did admit to stealing food and money from the group. I then concluded my interview with Hugo. Refer to the digital recording for further details.

After speaking to Hugo I spoke to Franco Franco-Mendoza DOB: 3-11-1985, a suspect in this investigation. I advised Franco my reason for being there and the matter I was investigating. At 12:12 hrs, I read Franco his Miranda Rights in Spanish due to Franco only speaking Spanish, which he agreed to speak to me without the presence of an attorney.

Franco then stated he had crossed the United States illegally on 3-09-10 with a group of eight individuals. Franco said on the second night they ran out of food and their guide (a person who is in charge of making sure the people get across from Mexico) then said they would stay at their location until they saw another group and they would steal their food.

Franco went on to say once a group of twenty-four passed through their location, their guide and his helper came across them and took some food away from the group. Franco then said the guide and the helper then came back to were they were originally. Franco said the guide did not get satisfied with what he had stolen from the group. Franco said the guide then ordered his group to join him. Franco said he got to were the other group was located and the guide then punched and kicked a individual in the group of the twenty-four. Franco then said his guide then ordered everyone in the group to get on their stomach, while the victims were on their stomach he was standing around the group making sure they would not do nothing while the other individuals took food from the group. Franco said he had seen Hugo participate on taking food from the group while he watched the rest of the group. Franco then said he knew he did wrong by being with this group, but said he could not do anything for the group. Franco did admit being involved in the incident which took place. I then concluded my interview with Franco. Franco and Hugo did not admit to bringing drugs into the United States, but the victims did mention the suspects said they had 400 kilos of marijuana dug somewhere in the portal area.

Refer to Sgt. Gijanto and Dep. Garcia supplement for interview with other victims.

NARRATION: On 2-24-11 at 0254 hours, I was dispatched to the US Border Patrol Station, 1608 S. Kings Hwy, Douglas, AZ in reference to (2) undocumented aliens reporting a robbery.

At 0313 hours, I arrived to the station and met with Supervisor BP Agent Ernesto Quihuis D-71. He took me to the victims, Roman Cruz-Quinonez DOB:3-2-1988 & Elizabeth Cruz-Avina DoB: 12-11-1978. They did not appear to be injured.

I conducted an interview with Roman. This recorded on my Puma digital audio recorder, rec length 18:03 min. The interview was recorded in Spanish. Roman provided the following accounts of the incident, refer to Puma recording for details. Roman relayed him and his cousin jumped the border at approx 0100 hours. They jumped alone. They were told to follow a trail, which would take them to a ranch near the highway. This is where they would be picked up.

Roman advised after jumping the fence, they walked for about 30 min, where they came to a brushy area with trees. This is where they encountered a man. The man told them to give them their money. The man was brandishing a metal meat hook, (bar with a hook used to move meat or bales of hay.) The man told them in Spanish to not scream or more suspects will come out and kill them. SYNOPSIS:

Between 02/22/10 at approximately 1600 hours and 02/24/10 at approximately 0800 hours, unknown person or persons broke a window valued at \$130.00 dollars from a residence. Once entry was made, a coffee creamer valued at \$10.00 dollars was eaten, and a book valued at \$5.00 dollars was torn. The residence's floor was dirty, due to the perpetrators entering with muddy shoes. It should be noted the residence was unoccupied. This incident occurred at 7250 E. Highway 80 in Apache, AZ.

Burglary in the second degree is a violation of ARS 13-1507A, a class 3 felony. Criminal trespass in the first degree is a violation of ARS 13-1504A1, a class 6 felony. Criminal Damage is a violation of ARS 13-1602A1, a class 2 misdemeanor. Theft is a violation of ARS 13-1802A1, a class 1 misdemeanor.

NARRATION:

On 02/24/10 at approximately 1233 hours, I was dispatched to E. Highway 80 milepost 400 in Apache, AZ reference a burglary. I made telephonic with the reporting party, Everett Ashurst. He advised the burglary occurred at 7250 E. Highway 80 in Apache, AZ. He would meet with me there.

Upon arrival, I met with Ashurst. He informed me he was taking care of the residence for the homeowner, Gregg Gibbons, who lived in Tucson, AZ. Ashurst informed me on 02/22/10 at approximately 1600 hours, he had come to the residence and everything was in order. Today at approximately 0800 hours, he observed the eastside window to the residence was broken. He did not enter the residence and called the Sheriff's Office to report the incident.

Ashurst escorted me to the eastside of the building where the window was broken, which was the entry point. I noticed the window was made of multiple planes. The window had three broken planes valued at \$130.00 dollars.

There was glass outside the residence below the window on the dirt floor. I noticed a large rock on the floor. I located a partial foot track below the window on the floor. The track was very smooth. That was the only track noticeable, which did not lead to anywhere. It should be noted, the days prior it had rained and the foot tracks had erased.

Ashurst opened the southside door of the residence. I walked into the bedroom where the window was broken. I observed mud throughout the carpet. I observed a black sweater hanging from bedroom door. I asked Ashurst if it belonged to someone from the residence and he said no. I checked throughout the other bedrooms and hallway. I noticed someone had ransacked the residence. The bedsheets from two of the bedrooms were removed. In the living room, I observed pillows on the floor and red plastic cups on the center table and table lamp. I noticed a "Plato" book valued at \$5.00 dollars had some of its pages torn off. The cups were in a cupboard in the kitchen, and the book was on a shelf in the same living room. I noticed a partial cigarette, which was made with the book's pages. It had a small amount of green leafy substance believed to be marijuana.

In the kitchen, I noticed a pot on the stove had been used to cook coffee creamer valued at \$10.00 dollars. The coffee creamer container was on the kitchen counter along with other red plastic cups. I noticed the kitchen cabinet doors open, which nothing of value was taken due to nothing being inside the cabinets. I took pictures of the scene, which I later entered into evidence.

I attempted to lift latent prints off the cups and pot handle. No latent prints were usable. Ashurst was issued a Victim Right's Pamphlet# C211541. He was advised mostly likely the perpetrator was illegal aliens due to the area being a corridor for human and drug trafficking. A CCSO Stolen Property Form was completed. No further action taken.
